## Introduction to the financial report

In the year ended 30 June 2019, Foodbank NSW & ACT Limited (FBNA) distributed a total of 11.9 million kilos of food and grocery items to charities, schools and welfare agencies. This equates to approximately 21.4 million meals being provided to families and individuals in need.

Over the past few years FBNA have built up cash reserves for emergencies. In the year ended 30 June 2019, due to the impact of both the drought and the need for increased food assistance across the communities served by FBNA, the Directors made a conscious decision to increase spending to assist agencies in need, particularly those in drought impacted communities. As such the cash reserves have decreased in this financial year.

As NSW and ACT's largest food charity, FBNA is dedicated to fighting hunger. As a result, the Directors will continue to monitor and address issues such as drought and other needs in the community and will support the management team in making operational decisions that ensure FBNA is assisting as many charities and welfare agencies as possible.

## Directors' report

Your directors present the annual financial report of Foodbank NSW & ACT Limited ("FBNA") for the year ended 30 June 2019.

### Directors

The following persons were Directors of FBNA during the financial year and to the date of this report:

<i>Name</i>	<i>Date Appointed</i>
Peter Kelly (Chairman)	13 October 2011
Christine Feldmanis	26 October 2016
John Hudson	13 August 2014
Larry Kavanagh	27 June 2017
Paul Moulds	23 February 2015
Emma Peacock	19 November 2015
Dan Peters	1 May 2018
Stephen Schofield	9 March 2011

### Principal activities

During the year the principal ongoing activities of FBNA consisted of:

- (a) sourcing by donation or purchasing food and related products from manufacturers, farmers/primary producers, retailers and distributors and encourage partnerships with these suppliers, and
- (b) distribution of food and grocery items to people in need, via a broad range of charitable and service organisations without regard to denomination.
- (c) securing funds via donation and grants to acquire additional food to meet unsatisfied need.

### Long term objectives

The long term objective of FBNA is to fight hunger in NSW and the ACT by providing quality food to welfare agencies and schools for supply to individuals and children in need.

As a member of the Foodbank Federation covering Australia (delivering 75% of all food distributed to charities by food rescue organisations), we are moving towards ending hunger for people in need in Australia.

In undertaking this objective we will contribute to a better environment by diverting millions of kilos of edible food away from landfill.

### Short term objectives

- (a) FBNA aims to provide over 12,700,000 kg of product in 2019-20
- (b) FBNA aims to supply a core range of staple products 365 days a year while minimising handling fees.
- (c) FBNA aims to have this core range of staple products always available.
- (d) FBNA will expand the ways that it funds these operations to broaden the support of FBNA making FBNA more resilient and less dependent upon a single source of funding.
- (e) FBNA will strive to tell the compelling 'win / win' story of feeding people in need whilst reducing the environmental impact, to the wider Australian public.
- (f) FBNA will continuously improve its operations by listening and learning from our stakeholders, whether they be people in need, charities that provide the front line presence, the volunteers, the donors (of funding and importantly food), and the staff and Directors.

## Key strategies and activities for achieving objectives

To ultimately achieve our long term objective, and to meet the objectives set for next year, FBNA will:

- (a) Seek to understand the underlying demand and where it comes from.
- (b) Maintain and improve ways to make food available to more welfare agencies and charities and through them to people in need.
- (c) Maintain, improve and innovate the supply cycle from farmers, manufacturers, retailers, importers to welfare agencies and charities and ultimately people in need with appropriate infrastructure and resources.
- (d) Actively seek funding from a wide range of potential sources.

## Measurement of performance

To achieve the objectives and strategies above, FBNA will measure the effectiveness of the allocation of limited resources by:

- (a) formulating specific strategy plans with frequent plan progress updates and outcome monitoring
- (b) ensuring each staff member knows what is expected of their role with annual performance reviews
- (c) setting appropriate financial disciplines with measurable financial budget targets
- (d) regularly comparing actual with targeted budget performance via monthly management reports

## Dividends

FBNA is prohibited by clause 2.2 of its Constitution from distributing any of its income or property to its members by way of dividends or otherwise.

## Review of operations

In the year ended 30 June 2019, FBNA received a total of 12.4 million kilos (2018: 11.9 million) of donated food and grocery items from national and state manufacturers, farmers/primary producers, retailers and distributors.

Out of the above, FBNA distributed a total of 11.9 million kilos (2018: 11.4 million) of food and grocery items to charities, schools and welfare agencies in the year ended 30 June 2019. Of the total volume, 6.2 million kilos (2018: 5.7 million kilos) was distributed free-of-charge with no handling fee.

The net deficit for the year ended 30 June 2019 was \$1,350,845 (2018: surplus \$118,410).

The underlying operating deficit after excluding non-operating items for the year ended 30 June 2019 was \$2,100,416 (2018: \$1,069,867).

Non-operating items include all donations and grants net of direct fundraising and other non-operating expenses \$713,234 (2018: \$1,159,588) and interest income \$36,337 (2018: \$28,689).

## Significant changes in the state of affairs

Over the past few years FBNA have built up cash reserves for emergencies. In the year ended 30 June 2019, due to the impact of both the drought and the need for increased food assistance across the communities served by FBNA, the Directors made a conscious decision to increase spending to assist agencies in need, particularly those in drought impacted communities. As such the cash reserves have decreased in this financial year.

Except as mentioned above, there was no significant change in the state of affairs of FBNA other than that referred to in the financial statements or notes thereto.

## Matters subsequent to the end of the financial year

In June 2019, it was announced in the NSW State Government budget that the Government will partner with FBNA with \$8 million over four years to expand the School Breakfast 4 Health Program to a further 500 schools. This will enable FBNA to further its objective by providing additional nutritious breakfasts to children in need, especially those in lower socioeconomic areas.

Except as mentioned above, no other matter or circumstance has arisen since 30 June 2019 that has significantly affected, or may significantly affect:

- (a) the company's operations in future financial years, or
- (b) the results of those operations in future financial years, or
- (c) the company's state of affairs in future financial years.

## Likely developments and expected results of operations

The Directors will continue to monitor and address issues such as drought and other needs in the community and will support the management team in making operational decisions that ensure FBNA is assisting as many charities and welfare agencies as possible.

Except as mentioned above, there are no likely developments or expected results of operations which are likely to materially affect the financial statements in future financial years.

## Environmental regulation

FBNA is not subject to significant environmental regulation in respect of its principal activities.

## 1 Summary of significant accounting policies

The principal accounting policies adopted in the preparation of this financial report are set out below. These policies have been consistently applied to all the years presented, unless otherwise stated.

### (a) Reporting entity

Foodbank NSW & ACT Limited ("FBNA") is a "not-for-profit" company limited by guarantee. It is an income tax exempt charitable organisation domiciled in Australia that collects surplus, salvaged, donated food and grocery products and purchases from food manufacturers, distributors, farmers and retailers and distributes it via charitable welfare agencies, to people in need.

### (b) Basis of preparation

This general purpose financial report has been prepared in accordance with Australian Accounting Standards and interpretations issued by the Australian Accounting Standards Board and the *Australian Charities and Not-for-Profits Commission Act 2012*.

#### (i) Historical cost convention

This financial report has been prepared under the historical cost convention with the exception of certain classes of property, plant and equipment that are carried at fair value as discussed in note 12.

#### (ii) Critical accounting estimates

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

### (c) Revenue recognition

Revenue is recognised for the major business activities as follows:

#### (i) Service fees

A small service fee is charged for the storage, handling and distribution of product to agencies. Service fee revenue is recognised when the service is rendered on an accrual basis.

#### (ii) Donations/Contributions

Due to the nature of donations, such items can only be recognised as income when they are received and recorded in FBNA's accounting records.

#### (iii) Grants

Grants can be granted to FBNA with conditions attached or for specific purposes (reciprocal transfers) or with no conditions or specific purpose attached (non-reciprocal transfers).

Grants that meet the definition of non-reciprocal transfers are subject to AASB 1004 *Contributions* and are recognised as revenue when FBNA receives the grant.

Where the grant is a reciprocal transfer, AASB 118 *Revenue* is applicable. Revenue arising from the grant is recognised in proportion to the stage of completion of the transaction at the reporting date. Where funding has been received but has not met the revenue recognition criteria of AASB 118 *Revenue*, the funding is recorded as deferred revenue in the balance sheet.

#### (iv) Interest income

Interest is recognised on an accrual basis.

### (d) Income tax

FBNA is exempt from the payment of income tax under the provisions of Section 50-5 of the *Income Tax Assesment Act 1997*.

## 1 Summary of significant accounting policies (continued)

### (e) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts.

### (f) Trade receivables

Trade receivables are recognised initially at fair value and subsequently measured at amortised cost, less provision for impairment. Trade receivables are generally due for settlement within 30 days.

Collectability of trade receivables is reviewed on an ongoing basis. Debts which are known to be uncollectible are written off by reducing the carrying amount directly. An allowance account (provision for impairment of trade receivables) is used when there is objective evidence that FBNA will not be able to collect all amounts due according to the original terms of the receivables.

### (g) Inventories

Inventories comprise of both goods donated or salvaged at no cost and goods purchased to supplement the inventory available to meet the needs of charity clients.

As FBNA is a 'not-for-profit' entity the purchased inventories held for distribution are carried at cost, whilst donated goods are not revalued.

Inventories are carried at the cost FBNA incurred to acquire the assets as at the reporting date.

### (h) Property, plant and equipment

FBNA's accounting policy is to carry land and buildings at cost on acquisition less any accumulated depreciation and impairment losses.

As at 30 June 2019, land and building is carried at \$11,439,232 (2018: \$11,635,417) being the purchase price and other directly attributable costs associated with the purchase less accumulated depreciation on the building.

Plant and equipment are stated at cost less accumulated depreciation and impairment losses. Cost includes expenditure that is directly attributable to the acquisition of the item.

Plant and equipment that is donated is recognised at fair value, if that value is above \$10,000, in property, plant & equipment at the date of acquisition, with a non-cash donation recognised for the same amount.

Land is not depreciated. Depreciation on other assets is calculated using the straight-line method to allocate their cost or revalued amounts, net of their residual values, over their estimated useful lives as follows:

Buildings	40 years
Plant and equipment	3-10 years

Capital work in progress, which represents additions to property, plant and equipment that have not yet been brought into use, is not depreciated. Additions are transferred into the above asset classes once they are brought into use.

## 1 Summary of significant accounting policies (continued)

### (h) Property, plant and equipment (continued)

The assets' residual values and useful lives are reviewed, and adjusted if appropriate, at the end of each reporting period.

An asset's carrying amount is written down immediately to its recoverable amount if the asset's carrying amount is greater than its estimated recoverable amount.

Gains and losses on disposals are determined by comparing proceeds with carrying amount. These are included in profit or loss. When revalued assets are sold, it is company policy to transfer any amounts included in other reserves in respect of those assets to retained earnings.

### (i) Intangible assets

#### *Software*

Software assets which have finite useful lives are measured at cost less accumulated amortisation.

Amortisation is recognised in profit or loss on a straight-line basis over the estimated useful lives of 5 years, from the date that they are available for use.

### (j) Deferred revenue

#### *(i) Short-term deferred revenue*

Short-term deferred revenue represents funding amounts received that are expected to be recognised as revenue within 12 months after the end of the reporting period. Amounts recorded in FBNA's short-term deferred revenue are usually grants received for a specific purpose whereby the conditions of have not yet been met.

#### *(ii) Long-term deferred revenue*

Funding received that are not expected to be recognised as revenue within 12 months after the end of the reporting period. FBNA's long-term deferred revenue represents reciprocal grants with project durations that go beyond 12 months after the end of the reporting period.

### (k) Trade and other payables

These amounts represent liabilities for goods and services provided to FBNA prior to the end of financial year which are unpaid. The amounts are unsecured and are usually paid within 30 days of recognition.

### (l) Employee benefits

#### *(i) Short-term obligations*

Liabilities for wages, salaries and annual leave expected to be settled within 12 months after the end of the period in which the employees render the related service. These liabilities are recognised in respect of employees' services up to the end of the reporting period and are measured at the amounts expected to be paid when the liabilities are settled. The liability for annual leave is recognised in the provision for employee benefits. All other short-term employee benefit obligations are presented as payables.

#### *(ii) Long-term employee benefit obligations*

The liability for long service leave which is not expected to be settled within 12 months after the end of the period in which the employees render the related service is recognised in the provision for employee benefits and measured as the present value of expected future payments to be made in respect of services provided by employees up to the end of the reporting period. Consideration is given to expected future wage and salary levels, experience of employee departures and periods of service.

## 1 Summary of significant accounting policies (continued)

### (m) Goods and Services Tax (GST)

Revenues, expenses and assets are recognised net of the amount of associated GST, unless the GST incurred is not recoverable from the Australian Taxation Office (ATO). In this case it is recognised as part of the cost of acquisition of the asset or as part of the expense.

Receivables and payables are stated inclusive of the amount of GST receivable or payable. The net amount of GST recoverable from, or payable to, the taxation authority is included with other receivables or payables in the balance sheet.

Cash flows are presented on a gross basis. The GST components of cash flows arising from investing or financing activities which are recoverable from, or payable to the ATO, are presented as operating cash flows.

### (n) 'In-kind' provision of services to Foodbank NSW & ACT Limited

FBNA receives "in-kind" services from a number of individuals and organisations. FBNA does not recognise an expense and associated revenue for these 'in-kind' services in the financial report. The major 'in-kind' services received are disclosed in note 24.

### (o) New accounting standards and interpretations

Certain new accounting standards and interpretations have been published that are not mandatory for 30 June 2019 reporting periods. FBNA has not yet adopted these new standards and interpretations and it is not expected that their adoption will have a material impact on future financial statements.

#### ***AASB 15 Revenue from Contracts with Customers and AASB 1058 - Income of Not-for-Profit Entities***

AASB 15 and AASB 1058 establish a comprehensive framework for determining whether, how much and when revenue is recognised. It replaces existing revenue recognition guidance, including AASB 118 *Revenue*, AASB 111 *Construction Contracts* and IFRIC 13 *Customer Royalty Programmes*.

FBNA have completed a review of its revenue streams against the requirements of AASB 15 and AASB 1058 and currently recognise revenue in accordance with the associated contracts and performance obligations. No material change is anticipated on adoption of these standards from 1 July 2019.

#### ***AASB 16 Leases***

AASB 16 introduces a single, on-balance sheet lease accounting model for lessees. A lessee recognises a right-of-use asset representing its right to use the underlying asset and a lease liability representing its obligation to make lease payments. There are optional exemptions for short-term leases and leases of low value items.

Lessor accounting remains similar to the current standard - i.e. lessors continue to classify leases as finance or operating leases.

AASB 16 replaces existing leases guidance including AASB 117 *Leases*, IFRIC 4 *Determining whether an arrangement contains a Lease*, SIC-15 *Operating Leases - Incentives* and SIC-27 *Evaluating the Substance of Transactions Involving the Legal Form of a Lease*.

AASB 16 is effective for annual reporting periods beginning on or after 1 January 2019. Early adoption is permitted for entities that also adopt AASB 15 at or before the date of initial application of AASB 16.

FBNA has completed an assessment of the impact of AASB 16 and intend to apply the modified retrospective approach where the liability is calculated as the present value of the outstanding rentals discounted using the incremental borrowing rate at the date of transition and the right-of-use-asset is set equal to the liability. FBNA anticipates that this will result in an increase in assets and liabilities of \$85,557 as at 1 July 2019.

## 2 Financial risk management

FBNA's activities expose it to market risk and credit risk.

### (a) Market risk

#### (i) Cash flow and fair value interest rate risk

FBNA's main interest rate risk arises from its holdings of cash and term deposits. There is no material interest rate risk exposure on financial liabilities.

#### (ii) Price risk

Index	0.5% increase in interest rates		-0.5% decrease in interest rates	
	2019 \$	2018 \$	2019 \$	2018 \$
Cash and cash equivalents	1,404	1,530	(1,404)	(1,530)

Bank bills and term deposits	1,231,318	1,477,625
	<b>1,439,279</b>	<b>1,656,866</b>

### (b) Credit risk

Credit risk refers to the risk that counter-party will default on its contractual obligations resulting in financial loss to FBNA. FBNA has adopted the policy of only dealing with counter-parties that meets FBNA's investment criteria as a means of mitigating the risk of financial loss from defaults.

### (c) Fair value measurements

The fair value of financial assets and financial liabilities must be estimated for recognition and measurement or for disclosure purposes.

The fair value of financial instruments traded in active markets is based on quoted market prices at the end of each reporting date.

The net fair value of all financial assets and liabilities in the balance sheet approximates their carrying values.

### 3 Revenue

Out of total cash assets, \$319,053 is considered "restricted cash" and can only be used on FBNA's mezzanine construction project. Refer to note 14 - deferred revenue.

### (a) Cash in bank

These are bearing weighted average interest rate of 1.78% (2018: 1.55%).

### (b) Fair value

The carrying amount for cash assets equals the fair value.

## 10 Current assets - Receivables

	2019 \$	2018 \$

Interest receivable	555	7,705
Other debtors	77,731	27,731
	<b>241,488</b>	<b>197,715</b>

Due to the short-term nature of these receivables, their carrying amount is assumed to approximate their fair value. There are no overdue or impairment on receivables.

The maximum exposure to credit risk at the reporting date is the carrying amount of each class of receivables mentioned above. Refer to note 2 for information on the risk management policy of FBNA and the credit quality of FBNA's receivables.

The aging of service fees receivables is as follows:

	2019 \$	2018 \$

### (b) Foodbank Australia Limited

- (i) Foodbank Australia Limited acts as a national liaison and co-ordination point for food supply and activities of FBNA and other similar 'Foodbank' organisations in Western Australia, South Australia, Victoria, Queensland, Tasmania and Northern Territory. Foodbank Australia Limited costs of operation are met in part by levies paid by all 'Foodbank' organisations. During the year, FBNA paid \$185,218 (2018: \$182,720) to Foodbank Australia Limited.
- (ii) Foodbank Australia Limited hosts a centralised server and national website as part of the federated approach to computer systems and software. FBNA paid \$104,267 (2018: \$114,932) to Foodbank Australia Limited for the company's share of the costs of this federated service. This payment covers consultancy, management and maintenance costs of the hosting website, server and software program.
- (iii) FBNA provides Foodbank Australia Limited funds to purchase additional key staple food under the Annual Purchasing Program (APP) and the Quarterly Purchasing Program (QPP). In 2019, FBNA paid \$562,815 (2018: \$149,656) to Foodbank Australia for the purchase and transportation of staple foods.
- (iv) On 23 May 2016, Foodbank Australia Limited entered into a service agreement with FBNA for the provision of accounting and finance services. In 2019, Foodbank Australia Limited paid \$62,127 (2018: \$60,900) to FBNA for assistance in general finance management, bookkeeping and financial reporting.

## 23 Related party transactions (continued)

### (c) Other

Gerry Andersen is the CEO of FBNA and is also a Director of Pegasus Print Group. Pegasus Print Group provides FBNA with regular printing services throughout the financial year with a portion of printing services provided free of charge. During the year, FBNA paid \$24,284 (2018: \$11,959) to Pegasus Print Group.

### (d) Directors remuneration

No remuneration was paid or is payable to any of the directors in respect of the financial year ended 30 June 2019 (2018: \$nil).

## 24 'In-kind' provision of services

Foodbank FNBA relies upon a network of organisations and individuals to enable it to achieve its objectives, some of which do not charge FBNA for their services, or part of their services. As detailed in note 1(n), FBNA does not record these 'in kind' services received as both revenue and expenditure.

In order to understand the level of expenditure that would be incurred if these organisations and individuals were to charge for their services, the following information on significant 'in kind' services received is provided.

## 25 Additional information to be furnished under the Charitable Fundraising Act 1991

Throughout the financial year ending 30 June 2019, FBNA conducted various appeals aimed to raise funds and donated food and grocery items to support food programs. Monetary funds received from these appeals have been applied to the purchase of food or equipment to support these programs.

In 2018-2019, FBNA engaged a reputable fundraising consulting firm to increase FBNA's fundraising activities. The aim is to raise recurrent funds to support operations, improve services, provide more food and reduce the handling fees to agencies. Initial upfront fees and establishment costs for fundraising is disproportionately higher in the beginning years; however FBNA should see improved returns once the fundraising programs are fully established.

In accordance with section 20 of the *Charitable Fundraising (NSW) Act 1991*, proceeds received in the course of fundraising appeals are applied according to the objects or purposes of the appeal net of appropriate expenses.

	2019 \$	2018 \$
(1) Gross proceeds from food donations and fundraising appeals		
Donations, fundraising events, campaigns and other grants	1,943,116	2,040,691
Value of donated food received <sup>1</sup>	12,412,000	11,866,000
(Less) Direct fundraising costs	(1,229,882)	(941,103)
Net contributions from fundraising appeals	<b>13,125,234</b>	<b>12,965,588</b>
(2) These were applied to the following charitable purpose:		
Purchase of food for distribution	673,935	341,828
School breakfast program	39,299	459,760
Purchase of capital assets <sup>2</sup>	-	298,000
Value of donated food distributed <sup>1</sup>	12,412,000	11,866,000
Total expenditure on direct services	<b>13,125,234</b>	<b>12,965,588</b>

While the *Charitable Fundraising Act 1991* primarily focuses on cash fundraising, given the nature of its business FBNA also undertakes extensive efforts to achieve food donations. The volume of food that was received by the company are:

	2019 Kilograms	2018 Kilograms
Food from National Donors <sup>3</sup>	6,005,000	5,793,000
Food from State Donors	6,407,000	6,073,000
Food from Annual Purchasing Program <sup>4</sup>	515,000	527,000
	<b>12,927,000</b>	<b>12,393,000</b>

<sup>1</sup> As the majority of FBNA's consolidated efforts are concentrated on sourcing donated food, the present value of food is captured to provide a more realistic valuation of FBNA's fundraising proceeds. Directors' adopted a notional value for donated food of \$1 per kilogram from FBNA's National and State donors.

<sup>2</sup> In 2018, \$298,000 was received from Sargents Pies Charitable Foundation to fund a new truck for food collection and distribution.

<sup>3,4</sup> Food received from the liaison and coordination of Foodbank Australia.

## 26 Events occurring after the reporting period

In June 2019, it was announced in the NSW State Government budget that the Government will partner with FBNA with \$8 million over four years to expand the School Breakfast 4 Health Program to a further 500 schools. This will enable FBNA to further its objective by providing additional nutritious breakfasts to children in need, especially those in lower socioeconomic areas.

## 27 Reconciliation of surplus after income tax to net cash flow from operating activities

	2019 \$	2018 \$
(Deficit) Surplus for the year	(1,350,845)	118,410
Depreciation and amortisation	800,709	733,077
Net (gain) on disposal of property, plant and equipment	-	-
Interest income	(36,337)	(28,689)
Net loss on disposal of PPE	4,751	-
Change in operating assets and liabilities:		
(Increase) in current receivables (excluding interest)	(50,923)	(91,929)
(Increase) in other current assets	(63,848)	(229,292)
Increase in current payables	342,064	81,585
Increase in current deferred revenue	319,053	16,033
Increase in provisions	20,226	16,990
<b>Net cash (outflow) inflow from operating activities<sup>1</sup></b>	<b>(15,150)</b>	<b>616,185</b>

<sup>1</sup> Net cash flow from operating activities includes cash flows associated with grant income and other donation activities as set out in Note 7.

In the directors' opinion:

- (a) the financial report and notes set out on pages 8 to 29 are in accordance with the *Australian Charities and Not-for-Profits Commission Act 2012*, including:
  - (i) complying with Accounting Standards, the *Australian Charities and Not-for-Profits Commission Regulation 2013* and other mandatory professional reporting requirements, and
  - (ii) giving a true and fair view of the entity's financial position as at 30 June 2019 and of its performance for the year ended on that date, and
- (b) there are reasonable grounds to believe that the company will be able to pay its debts as and when they become due and payable.

This declaration is made in accordance with a resolution of directors.

# Independent Auditor's Report

To the members of Foodbank NSW & ACT Limited:

## Report on the audit of the Financial Report

### Opinion

We have audited the **Financial Report** of Foodbank NSW & ACT Limited (the Company).

In our opinion, the accompanying Financial Report of the Company is in accordance with the *Corporations Act 2001*, including:

- giving a true and fair view of the Company's financial position as at 30 June 2019 and of its financial performance for the year ended on that date; and
- complying with *Australian Accounting Standards - Reduced Disclosure Requirements and Division 60 of the Australian Charities and Not-for-profits Commission Regulation 2013*.

The **Financial Report** comprises:

- Statement of financial position as at 30 June 2019
- Statement of comprehensive income, Statement of changes in equity, and Statement of Cash flows for the year ended.
- Notes including a summary of significant accounting policies.
- Directors declaration of the Company.
- Declaration by the directors in respect of fundraising appeals of the company

### Basis for opinion

We conducted our audit in accordance with *Australian Auditing Standards*. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Auditor's responsibilities for the audit of the Financial Report* section of our report.

We are independent of the Company in accordance with the auditor independence requirements of the ACNC Act 2012 and the ethical requirements of the Accounting Professional and Ethical Standards Board's APES 110 Code of Ethics for Professional Accountants (the Code) that are relevant to our audit of the Financial Report in Australia. We have fulfilled our other ethical responsibilities in accordance with the Code.

## Other Information

Other Information is financial and non-financial information in Foodbank NSW & ACT Limited's annual reporting which is provided in addition to the Financial Report and the Auditor's Report. The Directors are responsible for the Other Information.

Our opinion on the Financial Report does not cover the Other Information and, accordingly, we do not express any form of assurance conclusion thereon.

In connection with our audit of the Financial Report, our responsibility is to read the Other Information. In doing so, we consider whether the Other Information is materially inconsistent with the Financial Report or our knowledge obtained in the audit, or otherwise appears to be materially misstated.

We are required to report if we conclude that there is a material misstatement of this Other Information, and based on the work we have performed on the Other Information that we obtained prior to the date of this Auditor's Report we have nothing to report.

## Responsibilities of the Directors for the Financial Report

The Directors are responsible for:

- preparing the Financial Report that gives a true and fair view in accordance with *Australian Accounting Standards - Reduced Disclosure Requirements ACNC*.
- Preparing the Financial Report in accordance with Section 24(2) of the Charitable Fundraising (NSW) Act 1991 and Regulations.
- Implementing necessary internal control to enable the preparation of a Financial Report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.
- Assessing the Company's ability to continue as a going concern. This includes disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless they either intend to liquidate the Company or to cease operation, or have no realistic alternative but to do so

## Auditor's responsibilities for the audit of the Financial Report

Our objective is:

- to obtain reasonable assurance about whether the Financial Report as a whole is free from material misstatement, whether due to fraud or error; and
- to issue an Auditor's Report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with *Australian Auditing Standards* will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error. They are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of the Financial Report.

As part of an audit in accordance with Australian Auditing Standards, we exercise professional judgement and maintain professional scepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the Financial Report, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the Audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Directors.
- Conclude on the appropriateness of the Directors use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our Auditor's Report to the related disclosures in the Financial Report or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our Auditor's Report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the Financial Report, including the disclosures, and whether the Financial Report represents the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the Directors of the Company regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

In addition we have:

- Obtained an understanding of the internal control structure for fundraising appeal activities.
- Examined on a test basis of evidence supporting compliance with the accounting and associated record keeping requirements for fundraising appeal activities pursuant to the Act and Regulation.

We have not audited on a continuous basis the accounting records relied upon for reporting on fundraising appeal activities. These do not necessarily reflect accounting adjustments after the event or normal year-end financial adjustments required for the preparation of Financial Report such as accruals, prepayments, provisioning and valuations.

## Opinion pursuant to the Charitable Fundraising Act (NSW) 1991

In our opinion:

- the Financial Report gives a true and fair view of the Company's financial results of fundraising appeal activities for the financial year ended 30 June 2019;
- the Financial Report has been properly drawn up, and the associated records have been properly kept for the period from 1 July 2018 to 30 June 2019, in accordance with the Charitable Fundraising Act (NSW) 1991 and Regulations;
- money received as a result of fundraising appeal activities conducted during the period from 1 July 2018 to 30 June 2019 has been properly accounted for and applied in accordance with the Charitable Fundraising Act (NSW) 1991 and Regulation; and
- there are reasonable ground to believe that the Company will be able to pay its debts as and when they fall due.
